Student Athletic and Activities COVID-19 Protocols

1. Students/Parent/Guardian(s) will perform a home-health screening prior to entering campus. Sign-in areas and procedures for each sport/activity will be predetermined by the coach, advisor, and/or staff member.
2. If any student is feeling ill in any way, they must stay home. They must contact the head coach or other designated staff member and let them know they are not feeling well and will stay home.
3. All students must check in daily using the sign-in sheet. Upon walking into the assigned door/gate entrance the student will complete the sign-in sheet. If fever symptoms are demonstrated, their temperature will be taken, and if the reading is 100 degrees Fahrenheit or higher, they will be required to return home, and the coach, advisor, or staff member will immediately contact the parent(s) and/or guardian(s) and school administration.
4. Students are required to bring their own labeled, disposable water bottle. To prevent cross contamination and related infection transmission, refilling of water bottles will be managed by the coaches or staff.
5. Hand washing must be conducted whenever possible. When hand washing is not possible, hand sanitizer will be available to all students. Students will wash their hands or use hand sanitizer before practicing.
6. Locker room areas are closed. Students must place their belongings in a designated area determined by the coach or staff member.
7. Designated bathrooms will be open. Students are required to wash their hands after bathroom use, during conditioning/intramural/practice sessions, and at the conclusion of the session. Showers will not be available. Students will arrive and leave in the same clothing. Students will be encouraged to wash hands throughout each conditioning/intramural/practice session.
8. There will be no sharing of clothes, shoes, towels, water bottles, or any other personal items.
9. There will be no parent(s) and/or guardian(s), spectators, or outsiders of any kind permitted on school property. This includes outdoor facilities (football field, soccer fields, and tennis courts).
10. Appropriate clothing is always required during workouts/practices (shirts are required at all times). Students will be required to come to sessions with their own face coverings that comply with at least the minimum standards set forth in Governor Sisolak's Directive 024 (June 24, 2020), and any amendments thereto. Face coverings can be removed when performing long-distance running or strenuous activities, but social distancing requirements must remain in effect at all times during the times of face mask removal.
11. Cohorts/groups of students, coaches, advisors, and/or staff members shall not exceed 10 people per group. Assigned cohorts/groups must remain consistent every day. Areas with limited square footage may require less than 10 people per group.
12. Each student will be assigned a specific area or station for the entire practice. Walking around the premises, congregating, or moving to an area with a different cohort or group is not permissible.

COVID-19 Protocols Continued**

13. Weight room workouts will be created with less weight and higher repetition, so that "spotting" of each student is not necessary. Each student must individually work out. Coaches/staff will monitor all students and assist as needed. Stations in the weight room will be marked with tape. Six-foot distancing must be enforced with sufficient spacing so athletes can safely and properly train.
14. Cheerleading will **NOT** include stunting, lifts, tosses, or baskets so mats are not required or used.
15. Once a workout/training session is complete, each participant will remain in their assigned area. A designated coach, advisor, or staff member will give further directions before activity completion and as students leave their assigned area. Each area will be released separately to avoid a bottleneck during egress.
